

ANTARES.

CHILE

The brightest star in the southern sky

Antares Merlot

The brightest star of the South Hemisphere

Chile is a long-skinny country on the south-west corner of South America. From north to south, east to west, the combination between man, climate and soil has opened new wine regions to the world. Main features to this mélange are the Andes Range alongside the East border, the Pacific Ocean on the west coast, the Atacama Desert up north and the Patagonia down south. A land of explorers and adventurers, this wine country gives birth to thrilling wines.

Fermentation & Ageing

The must was fermented at controlled temperatures of 28°C–30°C (82°–86°F) in stainless steel tanks followed by a 7-day maceration period for ideal extraction of colour, aromas, and flavour.

Tasting Note

Our ruby red Antares Merlot has clean and intense aromas of ripe red fruits especially plums, cherries and strawberries accompanied with cinnamon notes. The palate offers these same flavors and confirms a well-balanced wine with soft tannins and a pleasant finish.

Food Pairing

Enjoy this wine with white meat, mild cheese or pasta.
Serve it at 18°C (64°F)

Ageing Potential

Up to 2-3 years

Technical Data

Winemaker: Andrés Caballero.

Variety: 100% Merlot

Appellation: Central Valley.
